

ENVIRENMENTAL POLICY

Industrial Gases (Pvt) Ltd are committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and minimizes our potential impact on the environment. We will operate in compliance with all relevant environmental legislation and we will strive to use pollution prevention and environmental best practices in all we do.

Our Policy therefore, is to:

- Continually improve our environmental performance.
- Develop and maintain environmental management programs with objectives and targets to minimize adverse environmental impacts.
- Comply with all applicable environmental, health, and safety laws, regulations, and other requirements.
- Implement effective pollution prevention and waste minimization programs to reduce, reuse, and recycle materials.
- Ensure that energy sources are used responsibly and conserved through innovative practices and procedures.
- Train, educate and inform our employees about environmental issues that may affect their work.
- Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner.
- Communicate our environmental commitment to clients, customers and the public and encourage them to support it.

We work to reduce our waste and also our wastes are recyclable. We choose sustainability-certified or products and services which do least damage to the environment where possible. We include environmental requirements in our business contacts and we train our staff on how they can contribute to a sustainable society in their professional role, as we seek to make our employees ever more environmentally aware.
